

California WILD!

LIVE ANIMAL PRESENTATION

Join us for a free LIVE animal presentation of California natives by WildMind Science Learning. You will have a chance to see animals up close and learn about their lives. The animal ambassadors include a grey fox, red tailed hawk, north American porcupine, an opossum, and a vulture. These intriguing animals will spark your curiosity and increase your knowledge of California's wonderful natural history, and give some insight into the secret lives of these intelligent and ecologically important animals that live around us. For all ages!

Sunday, Nov. 11, 12:00-1:00 PM

Quail Hollow Ranch County Park
800 Quail Hollow Rd., Felton

FREE!
