

Chicks in the City, **Hens in the Hood**

Thinking of raising chickens at home? Do you want large or small birds? White, brown or blue/green eggs? Fancy-feathered birds? Full-grown hens, baby chicks, or rescue birds from Animal Services? Candice McLaren will talk about local city codes, types of feed, where to place the coop, predators, and when to expect that first egg! Learn how to prepare the chicks' first home, how to keep them warm, what to feed them, and how to make their transition from a warm house (yours!) to an outdoor chicken coop. Find out why *Sunset Magazine* calls the chicken coop the "new doghouse." For ages 8 and up.
